The Holy Grail of Learning

Whether you think you can, or you think you can't, you're probably right.

Engagement is considered crucial for achieving positive academic outcomes.

Collaborative learning leads to an Increase in student retention, self-esteem, and responsibility.

Flow

« The best moments in our lives, are not the passive, receptive, relaxing times—although such experiences can also be enjoyable, if we have worked hard to attain them. The best moments usually occur when a person’s body or mind is stretched to its limits in a voluntary effort to accomplish something difficult and worthwhile. »
