Part 1. Registration Notice and FAQs

Q1. What information can I get from this document?

As shown in the catalogue, this document is comprised of three parts:
- ***Registration Notice and FAQs:*** aiming to answer questions that you may have during the registration process.
- ***SRS Registration System Guidance:*** demonstrating the step-by-step procedures of using our registration portal to complete the exam registrations.
- ***Exam Information Sheet:*** including information like registration timeline, option codes of most available subjects, exam timetable, and exam fee list of different entry stages.

Please go through this document and make sure that you understand and accept the content of this document before you submit registrations.
Should you have any questions, please feel free to contact us.
Once the payment of your exam application is completed, you are not allowed to modify your registrations. You are responsible for any mistakes of the registrations due to your own reasons.

Q2. Are there any regulations on the identity document I use for registration?

British Council only accepts the following identity documents for exam registration and sitting:
- Chinese nationals from mainland China can register with a valid and current 2nd-generation national ID card or passport.
- Chinese nationals from Hong Kong and Macau can register with a valid and current ID card, passport or Hong Kong and Macau Residents' Residence Permit.
- Chinese nationals from Taiwan can only register with a valid and current Mainland Travel Permit for Taiwan Residents of China or Taiwan Residents' Residence Permit.
- Foreign nationals can register with a valid and current passport.

* Please use the correct and valid ID document for registration. Candidates must bring the identification document used for registration to attend the exams. British Council reserves the right to disallow candidates to take the examination if the identification document does not conform to the regulations.

Q3. Can I register Cambridge International exams at different test centres?

Within the same exam series, candidates can register for exams of different subjects at different centres, but not allowed to register for exams of the same subject at different centres.
Candidates cannot not register the same syllabus at two different centres. For example, if the candidate has registered 9708AY at his or her school also registered syllabus 9708 at our centre, the entry of syllabus 9708 cannot be completed at Cambridge International registration system at our centre according to Cambridge International's related regulations.
Please also note that if you register for exams at different centres within the same exam series, it may lead to problems such as failure to rearrange timetable clash or to accurately carry forward results from this session. Thus, registering for all exams at one test centre is highly recommended.

Q4. What should I do if there are exam timetable clashes?

- For timetable clash between multiple subjects of Cambridge International exams registered at our centre, we will make re-arrangement accordingly. Candidates should refer to the Confirmation Letter for the final timetable.
- If there is any timetable clash between two exams, one of them will be rescheduled for a different time on the same date. Candidates sitting these two exams will be under full centre supervision between exams, during which time they will not be permitted to use mobile phones nor any other electronic devices or communicate with the other candidates.
- We are unable to make any rearrangement for timetable clash between Cambridge International exams registered at our centre and other exams (e.g. Pearson Edexcel). Candidates should avoid any timetable clash before registering for exams.

Q5. Can I apply for *Access Arrangements* due to my disadvantaged health conditions?

Candidates may face barriers to exams if they have a permanent or long-term disability, illness or learning difficulties, or a temporary disability or illness. **Access arrangements** are pre-exam arrangements that allow candidates to access the assessment and remove unnecessary barriers.
Candidate who has demands in this regard, please **contact us** for more details as early as possible and provide required evidence when applying for Access Arrangements.
Deadline for application: 14 February, 17:00 (China standard time)
* Candidates must send us access arrangements application for each exam series. We cannot carry over approval from an earlier exam series.

Q6. Will my exam fee be refunded if I would like to cancel my exam registrations?

Please kindly refer to our official website update for refund policy.

Q7. Can I transfer my registrations to other exam centres after I finish the payment?

- **Deadline** for application：**10 April, 17:00 (China standard time)**
- **The principle of transfer**: Candidates cannot transfer to another centre for specific syllabuses or components. They can only transfer for all their assessments in an exam series. Please also note candidate transfer must be completed at least 10 working days before the candidate is due to sit their first examination.
- Transfer between exam centres may incur extra payment. Please **contact us** for more details.

Q8. Do I need to pay attention to the exam seats for practical exams?

Yes, please kindly be aware that due to the limitation on practical exam seats, the applications will be processed on a first come, first served basis, so please finish your registration at an early stage.
Please note that payment successful does not mean you have booked the practical exams successfully. If you have made the online payment but the seats are fully booked by then, you will receive a full refund of the exam fee for the relevant subjects.

Q9. What is *Carry Forward* of Cambridge International exams?

Only results of Cambridge International AS Level exams and certain IGCSE and O Level subjects can be carried forward.
Candidates who have obtained an AS Level exam result may choose to carry it forward while registering for A2 (or A) Level exams so as to get a full A Level exam result.
Candidates can only choose to carry forward the AS Level exam results obtained in the previous two exam series (within 13 months). Candidates will need to provide the accurate centre and candidate number for the exam results they wish to carry forward, which can be found on the Statement of Result or Certificate of the AS Level.
For example, while registering the A2 (or A) Level exams in May/June 2024 exam series, candidates can only carry forward the AS Level exam results obtained in Oct/Nov 2023 or May/June 2023 exam series.

As shown above, component code 85, 88, 96 and 99 in the right column are with carry forward nature. Therefore, if candidates register 9700/BY, 9700/CR, 9700/FR or 9700/JR on the left column, they should achieve AS Level result in previous corresponding exam series. If you choose the option codes with carry forward components, please make sure that you do have valid AS level result to carry forward.
If the exam board reports that your registration is unsuccessful because of your invalid carried forward AS results, we will contact you with the email: Globalexams.China@britishcouncil.org.cn, it is strongly suggested that candidates should check their email inbox if they have entered carry forward option codes. **You will undertake the responsibility** if the exam board reports that your registration is invalid because of the lack of AS result to carry forward. If you have any questions regarding carry forward regulations, please **contact us** before making payment online.

Q10. What are *Retake* and *Retake Window*? [Only applicable to Oct/Nov exam series]

Entries are **retakes** when all the followings are true:

- Candidate who registered the syllabus in the May/June exam series of the current year decides to register the same syllabus, regardless of the option code, in the Oct/Nov series of the same year.
- Candidates must tell us the entry is a retake entry when they first submit it to us by ticking the 'retake' box next to the entry. This cannot be added at a later date.

Candidate who registers retake syllabus during the **retake window** will not be charged late entry fee.
Retake is only applicable for Oct/Nov exam series. Candidates can select retake option only during the **retake window**.
