# Part 1. OxfordAQA Registration Notice and FAQs

## Q1. What information I can get from this document?

As shown in the catalogue, this document is comprised of three parts:

- **Registration Notice and FAQs**: aiming to answer questions that you may have during the registration process.
- **SRS Registration Guidance**: demonstrating the step-by-step procedures of using our registration portal to complete the exam registrations.
- **Information Sheets**: including information like registration timeline, option codes of most available subjects, exam timetable, and exam fee list of different entry stages.

Please go through this document and make sure that you understand and accept the content of this document before you submit registrations. Should you have any questions, please feel free to contact us. Once the payment of your exam application is completed, you are not allowed to modify your registrations. You are responsible for any mistakes of the registrations due to your own reasons.

## Q2. Is there any regulations on the ID I use for registration?

The British Council only accepts the following identity documents for exam registration and sitting:

- Chinese nationals from mainland China can register with a valid and current 2nd-generation national ID card or passport.
- Chinese nationals from Hong Kong and Macau can register with a valid and current ID card, passport or Hong Kong and Macau Residents' Residence Permit.
- Chinese nationals from Taiwan can only register with a valid and current Mainland Travel Permit for Taiwan Residents of China or Taiwan Residents' Residence Permit.
- Foreign nationals can register with a valid and current passport.

\* Please use the correct and valid ID document for registration. Candidates must bring the identification document used for registration to attend the exams.

\*British Council reserves the right to disallow candidates to take the examination if the identification document does not conform to the regulations.

## Q3. Can I register OxfordAQA exams at different test centres?

Within the same exam series, candidates can register for exams of different subjects at different centres, but not allowed to register for exams of the same subject at different centres. Please also note that if you register for exams at different centres within the same exam series, it may lead to problems such as failure to rearrange timetable clash or to accurately carry forward results from this session. Thus, registering for all exams at one test centre is highly recommended.

## Q4. What happens when there are timetable clashes between OxfordAQA exams and other exams I register?

- For timetable clash between multiple subjects of OxfordAQA exams registered at our centre, we will make re-arrangement accordingly. Candidates should refer to the Confirmation Letter for the final timetable. If there is any timetable clash between two exams, one of them will be rescheduled for a different time on the same date. Candidates sitting these two exams will be under full centre supervision between exams, during which time they will not be permitted to use mobile phones nor any other electronic devices or communicate with the other candidates.
- We are unable to make any rearrangement for timetable clash between OxfordAQA exams registered at our centre and other exams (e.g. Pearson Edexcel). Candidates should avoid any timetable clash before registering for exams.

## Q5. Can I apply for Access Arrangements due to my disadvantaged health conditions?

Candidates may face barriers to exams if they have a permanent or long-term disability, illness or learning difficulties, or a temporary disability or illness. Access arrangements are pre-exam arrangements that allow candidates to access the assessment and remove unnecessary barriers.

Candidate who has demands in this regard, please contact us for more details as early as possible and provide required evidence when applying for Access Arrangements.

**Deadline for application: Please refer to the Information Sheets.**

\* Candidates must send us access arrangements application for each exam series. We cannot carry over approval from an earlier exam series.

## Q6. Will my exam fee be refunded if I would like to cancel my exam registrations?

According to the refund policy, applicant who submits a refund request that meets the refund conditions and provides valid evidences with the official seal before the deadline is entitled to receive the refund that is in accordance with the refund standard once the refund request is approved.

- Deadline for Refund Application: **Before the deadline of late entry stage (deadline of late entry stage can be found on Information Sheets)**
- Acceptable Refund Conditions:
  - Condition 1: Temporary physical or mental illness (permanent or long-term illness is not acceptable)
  - Condition 2: Time clash with school exams or other official exams
- Evidences Required :
  - Condition 1: Evidence can be a medical report or accident report (or similar), which should be issued by an authorised body. The report should include both the signature of the doctor or professional and stamp of the institution as well as indicate how the situation prohibits the candidate from taking the exam on the scheduled date.
  - Condition 2: The evidence can be the statement with the official seal of the school or the confirmation letter of the official exams.
- Refund Standard:
  - Once the refund application is approved, the applicant can receive 150 CNY(pre-tax) for each unit.
  - For International GCSE exams, candidates can only apply for cancellation by option (e.g., 9201), not by unit (e.g., 9201/1)

Refund applications out of other conditions are not acceptable. You can contact us to get more details.

#### Q7. Can I transfer my registrations to other exam centres after I finish the payment?

- Deadline for application: **Before the deadline of late entry stage (deadline of late entry stage can be found on Information Sheets)**
- The principle of transfer: Candidates cannot transfer to another centre for specific syllabuses or components. They can only transfer for all their assessments in an exam series.
- Transfer between exam centres may incur extra payment. Please contact us for more details.

#### Q8: What is Unique Candidate Identifier (UCI)?

A unique candidate identifier (UCI) is a unique reference to candidate and lasts for the duration of their study career. It is used for aggregation of unit results for modular exams. Each candidate will only have one UCI number no matter which test centre he or she comes from. It can be found on the Statement of Entry. For the first time test taker, the UCI will be created by the centre and please input "NA" in the registration form. While for the registered candidates, please keep using the previous UCI in all the exam sessions, blank UCI or wrong UCI may render your aggregation void.

**\*The Pearson Edexcel and OxfordAQA exam have their own UCI number. You must fill in the correct UCI number in the registration.**

#### Q9. What is Cash-in of OxfordAQA International A-Level exams?

Cash-in is the process of combining the unit grades under the applied subjects in accordance with the regulations of OxfordAQA. Each subject has a unique cash-in code for its AS-Level and A-Level, which is four digits codes starts with 96. The appropriate cash-in code should be submitted in the application.

**\* It is strongly advised you to submit the Cash-in code in the application. You can have a new grade once you retake the unsatisfied unit and submit the Cash-in code again in the future exam session. The Cash-in is acceptable after the results are released. The late Cash-in will charge you additional fee and it may affect your university application as it takes at least 10 working day to process.**

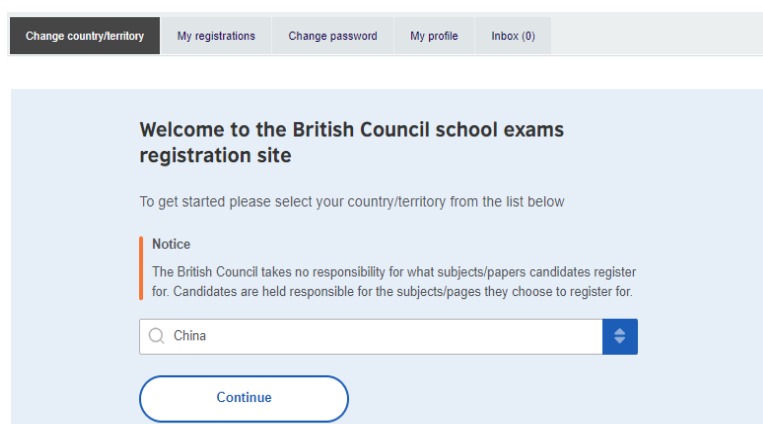

#### Q10: Are my results of each unit and qualification only valid for a set number of years?

All the results and qualifications remain valid.

## Part 2. SRS Registration System Guidance

The Schools Registration Systems (SRS) is the online registration platform offered to private candidates (over 18) and parents/guardians of minor candidates (under 18) to support them to complete their registration journey to register for Cambridge International exams, Pearson Edexcel exams and OxfordAQA exams with the British Council. The registration journey may differ according to countries based on each country's local context and regulations.

### Step 01: Log on

The screenshot shows the top navigation bar with links: Change country/territory, My registrations, Change password, My profile, and Inbox (0). The main content area has a heading "Welcome to the British Council school exams registration site" and a sub-heading "To get started please select your country/territory from the list below". A notice states: "The British Council takes no responsibility for what subjects/papers candidates register for. Candidates are held responsible for the subjects/pages they choose to register for." Below the notice is a search input field with "China" entered and a dropdown arrow. A "Continue" button is at the bottom.

- Please access the webpage: <https://schoolexams.britishcouncil.org> through the Google Chrome

### Step 02: Log in or sign up

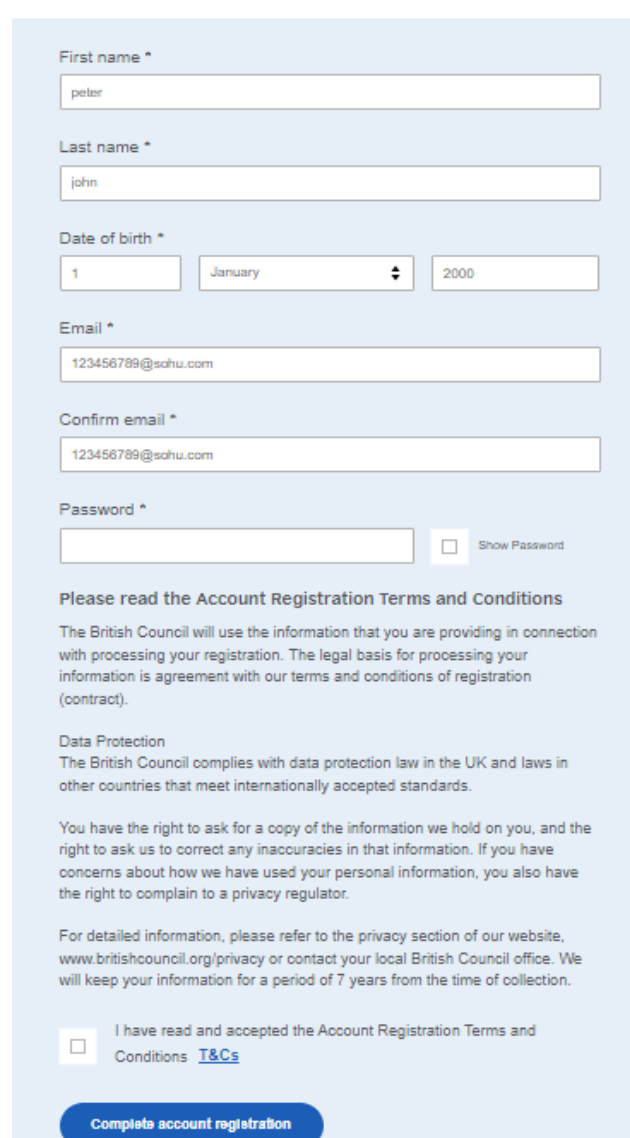

The screenshot shows the British Council Schools B2C login page. It features the British Council logo and the text "SCHOOLS B2C". There are two input fields: "Username" and "Password". A green "Sign In" button is below the fields. A link "Forgot password?" is at the bottom left.
